

CEI
CERTIFIED EXPRESS, INC.

Certified Express Inc. Equipment Showcase

Reliability. Comfort. Style.

Our Promise

At CEI, we understand that each haul has unique needs. That's why we provide our drivers with state-of-the-art equipment, boasting over 400 refrigerated vans, end dump trailers, and bulk liquid and pneumatic tanks, **so you'll embark on every run with confidence—no matter the cargo.**

Our Priority

All of our units come with APUs, inverters, and fridges. Most of our trucks are equipped with automatic transmissions, but we also have a number of manual options! Whatever your preferences are, **we'll work with you to provide the model that best suits your needs and comfort.**

Our Fleet

Whether you prefer the classic longnose silhouette of our Freightliner Coronados, or favor the convenient engine access of Kenworth T-680s, **our comprehensive selection of models covers your safety, fuel economy, and performance needs!**

The Right Rig for You

Attention truck drivers! Are you looking for new opportunities to hit the road and expand your driving skills? Check out our wide range of available trucks and discover the right truck to take you on your next adventure.

Kenworth T680

The Drive of Your Dreams

Although all of our trucks are top-of-the-line, each model has some features that differ, so you're always in the right ride for the drive. Browse our selection and consider joining our team of dedicated drivers!

Freightliner Coronado

- Smooth-ride AirLiner suspension
- Eaton Fuller 13-speed transmission
- Easy engine and reservoir access

Kenworth W900

- PACCAR Mx-13 Engine
- Iconic long-nose design
- Orthopedic sculpted seats

International Pro Star

- Unrivaled fuel efficiency
- Predictive cruising
- Hydraulic clutch pedal

Never Hit the Road Alone

At CEI, we're sincere about treating our drivers like family. No one hits the road with inadequate equipment for the job. With a full-service maintenance shop, on-call 24/7 roadside assistance, and a strict policy against forced dispatch, we don't cut corners when it comes to safety and support.

Maintenance Shop

When your rig needs a little TLC, our shop is available to get you up and running again. While you wait, enjoy some rest and amenities at our driver headquarters!

Over-the-Road Assistance

We leave nothing to chance with route monitoring and roadside assistance. Never be left in the lurch, as we'll spare no expense getting you up and running again.

Route Flexibility

Driver support also means ensuring a healthy work-life balance! We offer local, regional, and OTR routes, so you can choose the best fit for your lifestyle.

Seeing Yourself at CEI?
